

2019-2020 Meeting Sponsorship Opportunities

Who we are: ASCE San Diego Younger Member Forum (YMF) consists of the subset of San Diego ASCE members who are 35 years old or younger, including students. We represent the future of the Civil Engineering industry in San Diego.

Why Sponsor? YMF is fortunate to have active members who volunteer their time and give back to the local community. We facilitate events that generate new ideas, engage and support individual professional growth, and showcase the companies we are proud to represent. Each year we strive to keep our meetings affordable to all of our members, especially students, which means operating our meetings at a deficit. As a potential sponsor, subsidizing a small portion of meeting costs will allow YMF to continue to offer affordable pricing.
